For academy U16 and U18 it is proposed that for this season we purchase a jersey for the player to keep and a set to use to create the teams each week and use for future seasons. For those jerseys that we are keeping to use for future seasons use a sponsor that is a repeat sponsor.

Registration- We have approximately 60 registered.

Draft- Most board members are available to help.

Referee certification (PSI)- Daniel will call today to set up a date and contact our referees. 4 hour online class and 3 hours on the field.

All volunteers will need to submit their volunteer form. Carrie will set up through website.

Scholarship hours cannot be completed by serving as member of coaching staff; head coach, assistant coach or team parent. Families that did not complete hours will be denied. Some families might need income verification.

Opening day- Some scholarships recipients will be able to assist with pancake breakfast (Opening day).

All board members will assist.

Snack bar at Marina High is sandwiched in between some containers. Maria has contacted Avila to attempt to get the snack bar out and see where to put the snack shack for the season. Maria and Carrie will contact the principal and discuss placement of snack bar and storage container.
